Good morning,

They will need to complete a Level 1 contractor clearance form. We do not have authorization to run CPIC and RMS for civil screening purposes without their consent. I have attached the link to the form. We will get it completed immediately once it's submitted with the appropriate ID attached.

Thanks
Charlene

Charlene...could someone on Rob Lefebvre's team reach out to Supt. Bernier to gather the minimum information required to run these two folks on cpic and rms?

Thanks all,

Who would be available to support me tomorrow to potentially get this processed tomorrow?

Rob

If they are not coming into our buildings and someone has run them on RMS and checked CPIC, I don't think there is a lot of risk

Bringing Jay Renaud Jonathan Sweet into the conversation...

Further to Michelle's message, if they are not working in any police facility (e.g. just towing vehicles to an impound), vendor contract may work (even if self-employed) without the need to background them (CPIC / RMS / Criminal Intel checks).

Jay / Jonathan – your thoughts on this?

Lance

Hi Rob - are these 2 drivers with a company? Is this just a matter of a professional contract? If so, Finance will be able to assist...

Hi folks

We are at the last straw for a solution to towing some of these trucks. We have exhausted all options. We have two tow trucks secured and need two drivers. We have located two qualified drivers that will do the work. What is the process to get these individuals on contract within the day as we will required them as early on Friday.

Thanks

Please call me for more details.

Rob
